WAR BOARD HEARS MORE TESTIMONY; BOAT OWNERS OUT

Labor Body Decides to Ignore
Protesting Employers and
Take New Evidence.

U.S. TO ENFORCE RULING

Harbor Tie-Up at End as Ferry,
Tug and Lighter Men Re-
turn to Their Jobs.

The War Labor Board, sitting in City Hall today, decided to take new testimony in the controversy between the boat owners and employees. Pending a decision, there will be no tie-up of river or harbor craft, ferry, tug and lighter men having returned to their work today. William Howard Taft, Chairman of the board, made an announcement to this effect shortly after 1 o'clock this afternoon.

Mr. Taft announced that even though certain boat owners refuse to recognize the authority of the War Labor Board because it claims the laboring men of that body have already committed themselves as being opposed to the employers, it is the intention of the board to receive whatever testimony the owners may submit. Further, the board will make recommendations to these protesting boat owners.

At the start of the hearing Chairman Taft read communications from the War and Navy Departments, Railroad Administration and Shipping Board, in which they submitted their cause to the War Board. Capt. Robinson and Capt. Hutchinson represented the Army and Navy respectively. G. H. Hines, responded for the Railroad Administration, and the Shipping Board was also represented at the meeting.

The chambers were crowded and there was an overflow crowd in the corridors. Frank Walsh, former Joint Chairman of the War Labor Board, appeared for the Maritime Workers' Affiliation.

Paul Bonynge, counsel for the boat owners, challenged the personnel of the board, declaring that after the statements made in the newspapers by Joint Chairman Manly, the owners would decline to take any part in the proceedings. He read the statement made by Manly last Thursday, in which the Chairman said that the boat owners had contemptuously refused to submit to the jurisdiction of a board duly constituted by the President of the United States.

After a conference with the other members of the board Mr. Taft overruled Mr. Bonynge, at which the latter declared that the boat owners would withdraw from the proceedings, but begged the courtesy of being permitted to remain in the room as spectators which was granted.

Chairman Taft said that the maritime workers would be heard first, as they were the complainants. Mr. Walsh said that the workers wanted an increase in wages which would provide a living for themselves and families and also an eight-hour day. He said that he had been told by the men that the city compelled them to work as many as twelve hours a day.

John J. Delaney, Commissioner of Plant and Structures, responded for the city, saying that the city was

LEBAUDY LEFT FORTUNE OF ABOUT \$40,000,000

THAT Jacques Lebaudy has left a fortune of not less than \$40,000,000 is the belief of James A. Guttenberg, who was confidential secretary to the "Emperor of the Sahara" from 1912 to 1916.

Lebaudy's father, Mr. Guttenberg tells The Evening World, left an estate of \$75,000,000. Jacques' share was \$15,000,000.

Max, a brother, left Jacques an additional \$25,000,000, and when his mother died, two years ago, her estate was valued at \$80,000,000.

SUPREME COURT RULING BARS LIQUOR SHIPMENTS INTO ANY DRY STATE

Holds Reed Amendment Prohibits
Transportation Even If Local
Statutes Permit It.

WASHINGTON, Jan. 13.—The Supreme Court today ruled that the Reed Amendment, which prohibits interstate transportation into dry States of intoxicating liquor, even when intended for personal use.

Justice McReynolds, in a dissenting opinion, concurred in by Justice Clark, declared the Reed Amendment was not an interstate commerce regulatory measure, but a direct meddling with a State's affairs, and beyond Federal power.

As interpreted by the court, the law outlawed State statutes permitting limited shipments of liquor to be brought in for personal use.

The opinion was rendered in proceedings brought by the Government under the Reed Amendment against Dan Hill, who was charged with taking a quart of liquor into West Virginia as the State laws permit.

Tells of Threats of "Emperor" to Stab Wife With Knife—Grand Jury Investigates the Killing.

That the latest trouble between Jacques Lebaudy and Marie Augustine Da Luch Deliere, his wife, had its inception in the desire of the "Emperor of the Sahara" to supplant Madame with her beautiful thirteen-year-old daughter, Jacqueline, was the statement made today by Harry W. Moore, Mrs. Lebaudy's attorney.

Lebaudy was shot dead at Westbury, L. I., Saturday night by Mrs. Lebaudy. A loaded revolver was found in the black travelling bag he carried.

While Jacqueline Lebaudy and her servants were being interrogated at Mineola today by the Grand Jury, Attorney Moore gave out the statement in which he charges that Mrs. Lebaudy killed her husband to save her daughter.

"My client is the wife of the man who killed," Mr. Moore declared, "and at the proper time I will be ready to prove it."

BERLIN REDS LOSE LAST STRONGHOLD; LEADERS CAPTURED

Liebknecht and Russian Agent
Reported Taken—Firing
Squad for Some Prisoners.

REBELS ADMIT DEFEAT.

40,000 Troops Supporting
Ebert—1,000 Spartacists
Are Seized.

BERLIN, Sunday, Jan. 12 (Associated Press).—The Silesian Railway station, which was the last important Spartacist stronghold in Greater Berlin, is now in possession of the government forces.

The Spartacist defenders lost courage when the troops began preparations to attack the station and fled without attempting a defense.

Scattered Spartacist groups are still fighting at different points near the station, but are being dispersed rapidly.

BERLIN, Jan. 13.—Several Spartacists have been summarily executed by government rifle squads, an agency despatch from Berlin reported today.

COPENHAGEN, Jan. 13 (United Press).—Karl Liebknecht and Rosa Luxemburg have been captured by German Government troops, according to the Tagesschau Rundschau.

Later despatches quote the Tagesschau Rundschau as saying Rosa Luxemburg was not arrested but went to Hamburg two days ago.

The Spartacist leaders, the newspaper said, were taken prisoner with 1,000 of their followers, including a son of the agitator, Lenin. A quantity of military material was also captured, consisting of 100 machine guns, 1,200 rifles and 1,000 hand grenades were used freely in taking the central office of the Spartacists.

Spartacists attacked and shot into crowds which were attending Government meetings in Berlin yesterday, according to the despatch. This was believed to have been the final effort of the insurgents, the despatch said, as the Government now practically controls the situation.

The Spartacists are reported to have admitted defeat and to have declared their readiness to accept the Government's conditions, providing election of the National Assembly is postponed three months.

This statement is credited to Herr Scholtze, secretary to Chancellor Ebert, in a despatch received today from Berlin.

Another despatch, filed in Berlin yesterday, said Government troops had captured Central Police Headquarters, the Tagesschau offices and the Russian brewers, and that Karl Liebknecht, Russian Bolshevik representative, had been arrested.

An earlier despatch quoted the Tagesschau Tagesschau as saying that Liebknecht, Karl Liebknecht, and Russian President Ebert had taken refuge in the Russian Embassy, where they were protected by a heavy guard, armed with machine guns. It is believed that Liebknecht and Ebert must have escaped, as they were reported to have been received from any German Embassy in Berlin in great haste Thursday.

HITCH IN PEACE CONGRESS OVER REPRESENTATION TO BE ALLOWED EACH NATION

American Delegates Insist That the
League of Nations Shall Be Among
First Questions Considered—No
More U. S. Troops to Russia.

PARIS, Jan. 13.—Secretary Lansing officially denied today a statement published in the Temps that America is ready to send an expeditionary force into Poland. He said the statement was "absolutely false."

PARIS, Jan. 13 (Associated Press).—The first business before the Supreme War Council when it reassembled this afternoon was the settlement of the question of representation in the first session of the Inter-Allied conference.

It is still unsettled what nations will be represented or the number of delegates which will be allotted to each. It has developed that China will not be represented by Japan, but will have her own delegation.

The proposal in the French programme, fixing the number of representatives variously at five, three, two and one, according to the part played by the nation in the war, brought forth objections.

Efforts of the French press to bring to the fore the question of the status of Entente and American troops in Russia and the advisability of sending such troops into Poland to check the Bolshevik advance, it is understood, have been without success so far.

The United States, it is said, will not consent to accept in principle or as a military policy the task of using American forces in Poland at all or in Russia in larger numbers than already are employed.

FOOD RELIEF ALONE CAN STEM ANARCHY WILSON DECLARES

Force Useless and Peace De-
pends on Supplies, He Says,
Urging \$100,000,000 Fund.

WASHINGTON, Jan. 13.—In a message to day's assembly urging Congress to appropriate the \$100,000,000 requested for European food relief, President Wilson said Bolshevikism, steadily advancing westward, could not be stopped by force, but could be stopped by food. Food relief, he said, was the key to the whole European situation and to the solution of peace.

A message from Henry White, member of the American Peace Delegation to the State Department, said the "startling westward advance of Bolshevikism" dominated the entire European situation above all else, and that it was of the utmost importance that the President's request be granted at once.

The President's message addressed to Senator Martin of Virginia and Representative Shively of Kentucky, Chairman of the Congressional Appropriations Committee, and that of Mr. White were read on the floor of the House by Mr. Shively during the debate on a special rule to give immediate consideration to the Appropriation Bill.

"The money will not be spent for food for Germany itself, because Germany has lost its food, but it will be spent for financing the movement of food to our railroads in Poland and the movement of the liberated countries of the Austro-Hungarian Empire and our associates in the Balkans," the President said.

"I beg that you will present this matter in all possible urgency and force through the Congress. I do not see how we can find definite powers with whom to conclude peace unless this means of stemming the tide of anarchy be employed."
